

Come Celebrate with Us!

AAUW  **STEM**

REDLANDS BRANCH

25th Anniversary

Wednesday October 3rd, 5:30 pm

University of Redlands

Casa Loma Room

25 years ago, AAUW Redlands Branch held its first STEM Conference at the University of Redlands, inviting 8th grade girls from the Redlands and Yucaipa school districts. Since that first conference, our branch has worked hard to bring STEM opportunities to more and more area girls. Nineteen years ago, branch members in the Pass area led our AAUW Redlands Branch in starting a second conference, for Banning and Beaumont 8th grade girls, at Mount San Jacinto College. When AAUW-CA began hosting week-long Tech Trek summer camps, we expanded our STEM activities to include scholarships for 7th grade girls to access these amazing STEM experiences.

To date, our AAUW Redlands branch members, in partnership with our generous community supporters from charitable organizations, academia and business, have made it possible for over 20,000 girls to attend one of the yearly STEM conferences and for over 50 girls to attend Tech Trek.

Please join us on Wednesday evening, October 3, 2018, for our celebratory dinner and program highlighting our STEM history and sharing our vision for the future.

American Association of University Women is the preeminent organization advancing equity for women and girls through advocacy, education, philanthropy, and research. The Redlands branch carries out this mission locally through our scholarship and educational programs.
