## AAUW Empowers Women

AAUW has been empowering women as individuals and as a community since 1881. For more than 135 years, we have worked together as a national grassroots organization to improve the lives of millions of women and their families.

AAUW has a long and distinguished history of advancing educational and professional opportunities for women in the United States and around the globe. AAUW's [Fellowships and Grants](#) is one of the world's largest sources of funding for graduate women, providing more than \$100 million to more than 12,000 women and projects from 140 countries since 1888. For the 2017-18 academic year alone, more than 250 women received more than \$3.7 million. Fellowship and grant recipients perform research in a wide range of disciplines and work to improve their schools and communities.

The AAUW [Legal Advocacy Fund](#) works to challenge sex discrimination in the workplace and higher education. LAF assists people who are using the legal system to seek justice for unfair pay, pregnancy discrimination, sexual harassment, sexual assault and violations of Title IX.

Through its [Public Policy Program](#), AAUW Redlands Branch pursues activism to advance equity for women and girls.

The focus of our [College/University Partnership](#) is building a better future for women and girls, through educational programs to college women, teaching them to negotiate a good salary and training them to run for elected office.

## REDLANDS BRANCH

By joining you will have an opportunity to support AAUW's mission and goals, while making new friends, hearing interesting speakers, developing projects and helping influence the political process.

Organized in 1947, AAUW Redlands branch meetings feature programs of interest to the local community and reinforce AAUW's public policy objectives.

The branch fosters members' common interests in smaller group settings through a variety of interest groups.

Our [Community Action Projects](#) engage AAUW Redlands branch members in service to our community.

The Redlands branch sponsors two [STEM conferences](#) for 900 eighth-grade girls from Redlands, Yucaipa, Banning and Beaumont, and sponsors three girls to [Tech Trek](#), a weeklong STEM summer camp.

The branch awards [college scholarships](#) to local re-entry women and a graduating high-school senior.

We sponsor two college students to attend the [National Conference for College Women Student Leaders](#).
